probate code, I defy anyone to show me where there's any basic difference at all and the very things that you're talking about on fees have been over-emphasized because the only way it cuts fees....and that was stressed in the Idaho case....they appointed an appraiser for everything. We don't do those things in Nebraska. They save money we wouldn't save and didn't need to save in Nebraska because we don't do it now. But the basic essential elements of the uniform probate code are in the Nebraska probate code such as the informal probate except that we've added notice to protect those people, those relatives and beneficiaries. Basically though, we have cut out all of this running back and forth to get order after order, to get the judge to have it ordered to sell real estate which adds another attorney's fee on top of another attorney's fee. And Senator Kelly, it will reduce those fees. You remember...You heard it there at that meeting that night. It will reduce those fees.

PRESIDENT: Senator Kelly, do you wish to respond?

SENATOR KELLY: I just thanked Senator Luedtke and it's amazing, you know, lots of times when we all go to football games, we don't see the plays the same.

PRESIDENT: Senator Stull, was your input toward the bill?

SENATOR STULL: No, this is an announcement. There's a conflict of meeting places and Nebraska Transportation Advisory Committee will meet over here under the south balcony at 1:30.

PRESIDENT: All right, now, before we read anything else into the record, Mr. Clerk, this afternoon the order of speakers as I have it here that will be carried over after we recess and come back. Senators Nore, Stahmer, Syas, and Marsh. All right, Mr. Clerk, go ahead.

CLERK: We have some committee reports, Mr. President. Read committee reports. LB723, 733, 972, 826, 991, 909, 824, 911, 886 and 832 replaced on Select File as amended. LB1015, 995 and 826 placed on Select File as amended. LB945 advanced to General File as amended.

(End of Belt #9)

(Begin Belt #10)

Continuation of committee reports. Mr. President, standing committee report on LR112 read. LR121 referred to, found on page 999 of Journal.

PRESIDENT: Senator Luedtke.

SENATOR LUEDTKE: An announcement, I'd like to announce that we're cancelling the 1:00 o'clock of the Judiciary Committee. We'll probably re-schedule it for Monday but I'll advise the committee members. All members of the Judiciary Committee if you'd note that.

PRESIDENT: Senator Stull.
